Senate plans productive, short lame duck session

LANSING – Majority Floor Leader of the Michigan Senate, Sen. Beverly Hammerstrom, R-Temperance, commented today on the Senate’s session schedule for the remainder of the calendar year and the 92nd Legislature.

“After consulting with the Majority Leader, I am confident the Senate will be able to complete a number of good public policy measures without utilizing the tentative session dates of December 14 – 16. The Senate plans to adjourn on Thursday, Dec. 9 and will return for the constitutionally-required sine die session later in the month.”
